

Swimmattix Training Academy STA International Course Information Pack:

Introduction:

The new international courses have been created by STA to offer flexibility for tutors and countries, which do not follow UK legislation, Health and Safety Executive (HSE) or professional body requirements. All this means is that should you wish to teach in the UK in the future, the modules not covered in this course will need to be covered prior to teaching in the UK.

All the courses are tutor-assessed and have been shaped to offer a high standard of quality training

Pre-requisites:

- 18 years and older
- Hold STA Membership
- Police Clearance
- STA International Lifesaving Course

For new learners, we will register you to become an STA Member, Police Clearance will be completed on the course and the STA International Lifesaving Course will also be done through the Swimmattix Training Academy too.

Course Overview:

- Complete all course assignments
- Throughout the course, learners will undertake practical teaching in the pool
- Learners must correctly answer 7 out of 10 verbal questions

On successful completion of the course, learners will be issued with a STA International Certificate.
